

Thank you for choosing Cancer Care Northwest as a participant in the care of your patient.

To help ensure that your patient receives the best care possible, please provide us with the medical information listed below at least three days before your patient's scheduled appointment. If you have not yet received the final documents requested, then please mark the "results pending" check box. If you do not have the information requested, then please mark the "do not have" check box. **Prior to faxing medical records, please contact a scheduler at any of our offices. This ensures that we receive all necessary documentation and delivery of records. To reach a scheduler, call one of our offices below and ask to speak with a scheduler.**
