### Special Interests

**Dr. Kaya** has worked at Cancer Care Northwest since 2004 and is the director of the Inland Northwest Myeloma/Lymphoma and Transplant Program. In addition to performing autologous stem cell transplantation, he provides the latest treatment options for myeloma and lymphoma patients. Dr. Kaya also specializes in the treatment of advanced prostate cancer. As a Clinical Assistant Professor of Medicine, Dr. Kaya is an active teacher for medical students and residents who rotate through Cancer Care Northwest.
